- **ALL DETAILS** about the event and location are on the registration website.

Celebrate Mother Earth's new burst of life with some spring cleaning of our river. The **Creation Care Green Team** will again join the annual Earth Day Clean-up sponsored by the Anacostia Watershed Society for the benefit of all living in its watershed and for future generations. We will be working at beautiful Kingman Island in Northeast DC, an easy walk from Metro and there is ample parking if you must drive. It is always fun and feels very good to beautify our Mother Earth and get to know each other better. If you have questions, please email our Creation Care Team Co-Chairs [Phil Downey](#) and [Simone Seym](#).
